3. [Redacted] opened the discussion on the proposal to make the [Redacted] utilizing the 3-M Model 603 facsimile machine an OC standard. [Redacted] briefly stated that the 3-M device had been selected by the evaluation team as the most suitable replacement for the office facsimile application, and that the proposed configuration was in concert with [Redacted] installations. Mr. [Redacted] added that while both the 3-M Model and the Graphic Sciences Model dex 580 did provide acceptable copy, Graphic Sciences, Inc., was not receptive to modifying their unit to interface with the [Redacted] then demonstrated the basic operation of the system.

The following summarizes the discussion that ensued:

a. The 3-M Model 603 facsimile machine can transmit a page in 3, 4, or 6 minutes; however, because of signal degradation experienced on the KY-3 channel, 6 minutes/page is recommended.
